

SPARKMAN

For those who have requested to **PICK UP** their allocation, you're welcome to pick up **starting on March 16th** from either of our tasting room locations during business hours. The new wines will be available to taste starting on March 16th. Please be sure to make arrangements to pick up your allocation before the 8 month deadline.

For those who have requested **SHIPPING**, please email **kristi@sparkmancellars.com** to arrange the shipment date for your wine or to answer any shipping related questions you may have. Depending upon temperature conditions along the FedEx Ground route to your address, your allocation will be available to ship from our winery starting on Monday, March 18th.

We will not ship your allocation until we receive confirmation from you to ship and that you will be available to accept the shipment since a signature of someone at least 21 years of age is required.

Due to excessively cold ground route temperatures to some states and an effort to protect your investment, we **highly recommend** holding your wine in our cellar until the weather is appropriate for shipment through the ground route to your location.

Our wines are typically shipped out on Mondays in an effort to bypass the potential for your wine to sit in a FedEx warehouse over the weekend.

We look forward to hearing from you and sending your new wines!

Thank you kindly,
The Sparkman Family
